FOR AT&T)

MOTION OF AMERICAN TELEPHONE AND
TELEGRAPH COMPANY FOR EXTENSION OF TIME

Pursuant to Section 1.46 of the Commission's Rules (47 C.F.R. § 1.46), American Telephone and Telegraph Company ("AT&T") hereby moves that the date set forth in the Notice Of Inquiry in the above-captioned proceeding by which AT&T must submit financial data be extended from July 31, 1992 to August 14, 1992.¹ In further support of this motion, AT&T states:

1. On July 17, 1992, the Commission released its NOI commencing the price cap review proceeding for AT&T. The NOI required AT&T to develop and provide data, including detailed computations of its interstate earnings attributable to services currently regulated in Basket 1 of the Commission's price cap structure during the period of price cap regulation.²

¹ See Notice of Inquiry, In the Matter of Price Cap Performance Review For AT&T, CC Docket No. 92-134. FCC 92-257, released July 17, 1992 ("Price Cap Review NOI"), ¶ 43.

2. AT&T is not required to maintain, and does not maintain, its books of account separately for each price cap basket. In order to comply with the Commission's request for information concerning Basket 1, AT&T will have to undertake extensive computations. AT&T will not be able to finish its computations and comply with the Commission's financial data requests by July 31, 1992, which is only two weeks after release of the Price Cap Review NOI.

3. Motions for extension of time should be granted where, as here, good cause for the extension is shown.³ The extension will permit AT&T to develop reliable financial data in response to the Commission's requests. The development of additional information has been recognized specifically to be a factor justifying the grant of an extension of time.⁴ AT&T does not seek an extension of the July 31, 1992 date for the submission of information requested concerning service quality.

³ See Motions for Extension of Time Before the Common Carrier Bureau, 44 RR 2d 96 (1978).

Accordingly, AT&T requests that the Commission grant the instant motion and extend the date for submitting financial data to August 14, 1992.
